Indian Academy of Pediatrics, Mumbai, Monthly Newsletter, Vol. 3, May - June 2018
Have you grown weary of the same didactic “talks” and “Panels” at conferences?

Are you looking for a focused problem based teaching that answers your questions about exactly what to do in a few situations in daily clinical practice rather than a detailed “presentation” of the subject?

If yes, then IAP Mumbai has the exact solution for you!

We present the first of its kind - a novel Q/A based Conference where all of us get to answer an MCQ on a very common clinical situation, followed by detailed explanation by the expert in exactly 15 minutes. Next Qs please!

This one-day EMBICON 2018 is more like a 20/20, in that it envisages topics across day to day office practice cases and sub specialities. Use of voting pads for each of the 24 questions makes it more interactive than ever.

The not to be missed "Dr S M Merchant Oration”

Could you ask for more?
Of course you should- this is IAP Mumbai after all!
Well, you are in for a lot of surprises and fun; a lot of prizes to be won.

Scientific program coming soon- based on questions you suggest! Please email us at embicon2018@gmail.com

Heard of learning with fun? Come, be a part of it!

Party-cipate!

SCIENTIFIC PROGRAM NOW ON WEBSITE
Dear Colleagues,

The name Mumbai invokes industry and innovation, efficiency and efficacy, grit and glamour. It is the birth place of the Indian Academy of Pediatrics. After hosting the National Pedicon so memorably in 2003 and 2007, it is time yet again for IAP Mumbai to welcome you all into its welcoming embrace.

IAP Mumbai ensures a treasure of scientific interaction for delegates as well as the most coveted destination for accompanying family. Excellent connectivity and reliable weather offer convenient to the traveller. An ingenious diaspora of science will include substantial offering for everyone from the veteran Pediatrician to the busy practitioner to the deeply involved academician and to the aspiring resident.

Begin your 2019 basking in the allure of the city that never sleeps! Arrive in to Mumbai Pedicon 2019!

The Pinwheel, an intrinsic part of the Mumbai city-scape, symbolising childhood. It has 7 colours signifying the 7 point agenda of PEDICON 2019

- Health
- Healthy Lifestyle (i.e. Nutrition & Exercise)
- Immunization
- Education
- Mental Health
- Family & Social relations
- Environment

Pinwheel signifies constant motion, like we all paediatricians who work tirelessly for the well being of children.

A unique CME on poorly understood and ignored topic, "Pain management in children" was organised on 25th March 2018. The CME was attended by 230 delegates and online accessed by 270 doctors.

Dr Jagdish Chinappa began with the basics of pain pathophysiology, severity and assessment of pain. Dr Sridhar Ganapathy gave an eye opening talk on the pharmacology of pain management drugs. Dr Somshekar Nimbalkar sensitised the audience about existence of neonatal pain.

Dr Bela Verma addressed the most commonly encountered pain syndromes in childhood.

Dr Vrajesh Udani took a masterclass on Migraine and headache. Dr Raju Khubchandani alongwith Dr Prajakta Ranade regaled the audience with interesting cases of Musculoskeletal pain. Dr Srinivas showed the approach to chest pain in children.

Dr Sridhar Ganapathy gave detailed elaborate talk on abdominal pain in children.

Dr Trishna Agarwala dispelled the myths about psychogenic pain. Dr Rakshay Shetty educated the audience on the all important topic of pain management in PICU and palliative care.

Dr Jagdish Chinappa ended the proceedings with non pharmacological management of pain.

It was a well attended and appreciated scientific CME.

STEER (Sensitizing to Think Enabling Excellence & Rationality), the program for the very first time was conducted for the undergraduate medical students at LTMMC and Sion Hospital. It was held on 30th March 2018 between 9am to 1.15pm organised by the dedicated team including Dr. Y K Amdekar, Dr. R D Khare, Dr. RC Chokhani & Dr. AK Shandilya.

The experts faculty dealt with the following topics:

1. History taking & clinical correlation.
2. Reaching the diagnosis.
3. Unearthing the power of thinking (hidden talent).

The Overwhelming response has encouraged Dr Y K Amdekar team to organise UG Steer more often in the future.
